

Ms. Marina de Souza

Canadian Concrete Masonry Producers Association  
1500 Avenue Road,  
Toronto, Ontario M5M 3X0

October 19, 2014

Dear Marina and the members of the Canadian Concrete Masonry Producers Association,

Thank you so much for making Community of Hearts the recipient of the proceeds of your golf tournament. What a generous donation! As you know, Community of Hearts is a fee for service learning centre that provides adults with developmental disabilities options after high school to continue on the path toward independence and post-secondary opportunities. We are completely self-funded and have relied on the generosity of organizations such as you to provide for the little extras that are needed for the programmes to stay leading edge and innovative.

Our Cottage Crashers is a summer camp life-skills programme that provides young adults with a cottage experience but also the opportunity to meal plan, cook and put their life skill learning into practice for an extended time. The programme was created as a fundraiser for the learning centre and was actually established before the learning centre officially opened.

*See the potential and dream big; start small and achieve the dream*

**14 Kipling Avenue

519-803-2698**

Your generous donation will allow us to expand the cottage programme by way of hiring staff for additional weeks thus allowing for our wait list to be filled as well as for our own supplies (lifejackets etc.) that will ensure we are properly equipped for our cottage weeks!

Kindest Regards,

*Susan Wahlroth*

Susan Wahlroth

Administrative Director

Community of Hearts – Lifelong Learning Centre
